The Legislature and the Land Grants.

Three weeks of the special session of the Legislature have passed away, and nearly all the business for which it was convened has been satisfactorily transacted, except the disposition of the Grant of Lands made by Congress in aid of our Northern and North-western Railroads. As the Treasury is empty and retrenchment in State expenditures a cardinal political virtue about these days, we hope that another week will settle the question about the Grant, and close the Legislative labors. As yet, indeed, but little progress has been made in this direction. The large joint Committee, raised at the opening of the session, to consider and report on the Land Grant question, found themselves utterly unable to agree, and disbanded by common consent.—But fragments of this Committee have introduced, in the shape of bills, the different projects which were before them, and thus the whole matter is now before the Legislature. As it had already engaged, more or less, the attention of all the members, we see no difficulty in the way of a speedy settlement

We have already spoken of the two leading plans for the disposition of the Grant, and briefly enumerated the prominent arguments in favor of each. While it is not to be denied that the proposition to entrust the grant to a new Company, composed of reliable and experienced men, is, at first sight the preferable one, the more the subject is considered, the stronger become the reasons for giving the lands to a responsible existing company. Such a company has its organization already complete, its machinery in motion, its character and credit established, its means of procuring foreign capital at hand and available, and would be ready at all times of course, to enter upon the work without loss of time. To the State at large the question of time is a very important one. The construction of the North-western Road, from Portage to La Crosse and to Lake Superior, will open to settlement and cultivation a vast portion of the State now comparatively a wilderness, will add tens of millions to the taxable property of Wisconsin, will invite hither thousands of enterprising and industrious settlers, and millions of capital from the Eastern States and the Old World, will develop the agricultural mineral and lumbering resources of our North west quarter, which already ebbs and flows through the commercial channels of our State. The State, therefore, is deeply and vitally interested in having the grant throughout constructed as soon as may be, and other things being equal, should make such a disposition of the Grant as is best calculated to ensure this result

Can a new Company, created by the present Legislature, accomplish this work as well as cheaply, or as expeditiously, as one already organized and in operation? We think not, and for these, among other reasons. A new Company must necessarily include among its corporators many gentlemen, residing in different parts of the State, representing different interests, holding various views, possibly strangers to each other, unused to counselling or acting together, and each solicitous, in the first place, to gratify his immediate friends and constituents, and to guard the supposed interests of his particular locality. These new corporators, thus brought together, would require a long time to harmonize their conflicting views, to accommodate their several plans, and to learn to act in concert. There might be, indeed, some among the number with whom agreement of sentiment, or union of action, would be impossible, and who could not be convinced, or persuaded, to pull kindly together. This preliminary difficulty overcome, the same obstacles would recur when it came to the choice of officers and agents, to the selection of routes, and to the adoption of the financial policy of the Board. Supposing all these knotty questions finally settled, the new company has still its character to make, that it may go into the Eastern money marts and negotiate to advantage its bonds and securities. Capitalists are proverbially cautious; they distrust new men and untried schemes, and even the basis of a munificent Land Grant might fail to satisfy them that the bonds of a company, managed by comparatively unknown men, were a safe investment. To do all this, to assemble and organize the new Board—to compare notes and agree upon a plan of action—to select officers, agents and routes—to establish a credit, and thus to obtain means for beginning the work would require a good deal of time, and cost not a little money

How different the case with an existing company, such as the consolidated La Crosse and Milwaukee R R Company. Their Board is organized, compact accustomed to counsel and to act together, their policy is settled, their officers and agents all busily at work, their credit already established on a sure footing, their enterprise well and favorably known, and their stock steadily rising in market. Should they be entrusted with the grant, not only will be lost in the immediate preparation for building the road. Indeed it is safe to say that within 30 days after the passage of the act they would have their engineers and contractors at work on the line, and that in three years time this grand commercial thoroughfare would be open to St. Croix and Superior. In point of time, then, the advantage of giving the grant directly to an existing company is obviously very great. Nor is it less, as regards economy. An old and well established company could turn the grant to much better account than a new one. The organization is cheaper, and while the grant of lands would strengthen their credit, that credit, on the other hand, would enable them to dispose of the Lands to greater profit than a new Company possibly could. To illustrate—a new and as yet untried Company going into Wall Street to raise money on the security of Wisconsin lands, towards building the North Western road, could not effect a sale without submitting to some sacrifices, and encountering considerable delays. This is the uniform experience of all new projects and companies, soliciting foreign capital. On the contrary, the La Crosse Company, already well known in Wall Street, would have its credit so much enhanced by the grant, that it could, thro' its efficient and responsible fiscal agents there, raise all the money it needed on the most favorable terms, without delay and without sacrifice. Thus the grant in their hands would not only yield more largely, but would build the road much more expeditiously. And these are both very important considerations to the State at large.

What, then, are the objections, if any, to be urged against this disposition of the grant? One is, that it would be giving a preference to one company over others. But a preference *must* be given to some company, new or old, in the very selection of agents to manage the trust and build the road, and why not to an old and tried, instead of to a new and untried Company? It is urged, again, that to give the grant to the La Crosse & Milwaukee Company would make it too *powerful*. This is an imaginary danger, if political power is meant, and a positive advantage, if financial power is intended. The stronger the Company, the better the terms upon which it can dispose of the grant and build the road. It is contended, too, that if the La Crosse Company get the grant, they may take some unfair advantage of other and existing Rail Road interests in this State. But precisely the same conditions can be exacted from and the same restrictions imposed upon the La Crosse Company, should it be the recipient of the Land Grant, as can be required of any new organization. Again, objection is made to some of the Directors of the La Crosse Board. But if the measure be, in itself, equitable and just, and likely to redound to the great benefit of the State at large, such personal reasons ought not to avail against it.—Moreover this is, in its nature, a temporary objection and easily obviated. And without intending any invidious discrimination, it is enough to say that the names of BYRON KILBOURN, MOSES KNEELAND, L. H. GOODRICH, ALEXANDER MITCHELL, ELIPHALET CRAMER, and W. B. HIBBARD, who are members of the Board, are guarantees in themselves that if the grant be given to the La Crosse Company, it will be faithfully applied to the prosecution of our North Western Railroad and to the consequent credit and advantage of our whole State.

We have thus presented, as briefly as possible, a few of the considerations in favor of making over the grant of Lands to the La Crosse & Milwaukee R R Company, and answered some of the prominent objections which have been urged against that measure. While it is not to be denied that Milwaukee has a very great and direct interest in such a disposition of the question, we think it equally clear that all parts of the State would benefit by it, and that no locality would be injured. If entrusted with this munificent grant, by the Legislature and People of Wisconsin, it would be the noble and natural aim and ambition of the La Crosse & Milwaukee Company to acquit themselves creditably of that trust and, in return for the confidence and favor extended to them, to use all their efforts and energies in the prosecution of the great enterprise confided to their care, and for the promotion of the general interests of our glorious State. So believing, we do not hesitate to commend this plan to the earnest and favorable consideration of the Legislature, as the one of all others best calculated to secure the objects intended by the grant, to harmonize all the Rail Road interests of our State to turn to the best account the munificent gift of Congress, to develope, at the earliest period, the vast resources of the North West, to add largely and immediately to the business, wealth and population of our State, and to give an impulse to the rising fortunes of our fair city which will ere long make Milwaukee the favorite resort and chief seaport of our western Mediterranean

An Offer.

We have offered, and repeatedly, to open our columns to any documentary proof it has against Buchanan, if it will open its own to the documentary proof we have against Fremont. We now offer to publish any proof it may have that is documentary to clear Fremont, if it will open its columns to the charges against him.—*News*

Those who have watched the course of the *News* through the canvass thus far, and have noticed its fairness, its courtesy, its regard for truth at all times, its respect for the personal character of the candidate of its opponents, etc., will fully appreciate the offer above. We see the hypocrisy of it, and appreciate it fully. We don't ask the use of the columns of the *News* for the purpose of slandering James Buchanan, nor do we use our own for that purpose. We try him, before the people, as a candidate for their suffrages, by the platform on which he stands, and into which he has merged himself—by the interpretation of that platform on the subject of slavery made by the slavery men themselves, and by the practice of the northern doughface Democracy generally. There is enough in Mr. Buchanan's past connection with the cruel shameless charge of bargain and corruption against Henry Clay, and with the filibustering Ostend Circular, to say nothing of other things, to keep any honest patriot from voting for him, but we have to do with another issue, and all the space we have is devoted to that issue. For matters connected with that issue—the extension of slavery—the paper of the Hunker Democracy have little space but they find room enough for the most cruel, disgraceful, calumnies against Col Fremont personally, concerning the very matters in regard to which all parties, leading politicians of their own party, such as Orr, Gorman, and others, when those matters were under consideration before Congress pronounced him without stain, nay—applauded him in the highest possible manner. Now let these harpies go on, and feed fat their grudge against Col Fremont. Let the "shower of lies" fall thick and fast. Let the bolts of calumny be thrown, poisoned to the full. In the hearts of millions of freemen, Col Fremont's character stands higher to day, than when they knew him less. The people will take care of him and will mark his calumniators in November

"Open our columns to the charges against him." Why, we did that a month ago and more when you had already charged him with being a—

Milwaukee & Miss. Railroad.

The fall business and the increased receipts of wheat since farmers made up their minds to sell tells favorably upon the receipts of our railroads. The earnings of the Milwaukee & Miss R R for September will reach about $90,000.

The road is now completed far enough down the Wisconsin river valley—to Muscoda, about 40 miles from Prairie du Chien, to which point it will be opened to-morrow, to make this the shortest and speediest route by far for persons bound up the Mississippi river, and the trade and traffic must increase rapidly from this time forward. Until, however, the road reaches Prairie du Chien the full tide cannot be estimated

T. B MASON, Treasurer

September 29th, 1856

The Executive Committee wish to start another Company for Kansas in about two weeks. There are plenty of good and true men ready to go, if the friends of Freedom will send us the funds necessary to put them into the Territory.

COLUMBIA CO. SENATOR —The Republicans of Columbia County have nominated for State Senator, Hon M M. DAVIS, at present a member of Assembly, and one of the most efficient men in the Republican ranks. Columbia always sends true men to the Senate

☞ By letter from Waupun last night, we learned that no instructions had been received by the ticket agent of the Mil & Horicon R. R. at that place, relative to the half fare arrangement for Thursday next. We are informed that *all* of the railroads, by their officers here, have agreed to carry at half-fare.

Trading Politicians—Treason Ahead!

The Hunker politicians see the fate impending over their heads, and are contriving all possible plans to escape it. So desperate are they that rather than see Fremont elected, these bogus democratic leaders seem determined to sell out the rank and file of their party to Fillmore. The plot seems to be really in contemplation. Allies in fact against Fremont, the Slavery Democrats and Know Nothings are, if we are to judge by numerous signs of the times, about to consummate an open alliance, by dropping Mr Buchanan, as unavailable in the free states, and arranging their forces for Mr Fillmore.

The *Courier des Etats Unis*, a French Buchanan paper in New York, has been induced to recommend this plan openly, in the hope of commending it to foreign-born citizens as coming from one of their number, and the following from New Jersey, shows that, in all probability, "Barkis is willing."

The *Republican State Gazette* of Trenton, of Tuesday says

The Hon James Platform passed through this city yesterday noon, *en route* for Princeton, where, rumor says, the bargain between the Fillmoreites and Buchaniers will be consummated, so far as relates to New Jersey

The *New Brunswicker* of the 22d inst also says

BUCHANAN AT PRINCETON.—*Look out for a bargain between the Know Nothings and the Buchaniers.*—James Buchanan, the locofoco candidate for the Presidency, arrived at Princeton a little after 12 o'clock to day, and is now the guest of the Hon. John R Thompson. In consequence of several leading Know Nothings and Buchaniers from various sections of this State also visiting Princeton to day, it is thought that a sale of some kind is to be effected, so as to give the State either to Buchanan or Fillmore in November next. Whether this be so or not, it is well for all parties to keep a sharp lookout for any traps that be set for the unwary

Let the politicians try that game! They will soon see what the people—the power that stands behind them—think of it. They will find that the men who have followed the false lights of "Democracy" so long have come to a dead stop, and are in open rebellion. The people cannot thus be transferred like slaves from hand to hand

Murderous Outrage at Bourbon, Indiana—Two Men Killed.

Hon Schuyler Colfax, Republican Member of Congress, from Indiana, is stumping his district for re election, in company with his opponent, Judge Stuart. The people turn out in large numbers. At Bourbon, last week, a banner, carried in a wagon containing four men and a number of women, gave offence to some of the Buchanan rowdies, and some 60 men, said to be Irishmen at work on the railroad, armed with clubs, rushed out and attacked the wagon, knocked down the horses, and made an indiscriminate assault upon all in the wagon. The Logansport *Journal* says

The screams of the women as they begged for their lives, and the shouts and the murderous blows of the attacking party were awful, and presented a scene which drove in terror the multitude, which was largely made up of women—Men endeavored to save their own families, and there was no time to assist the unfortunate wagon load, which was soon overpowered by the infuriated brutes who forgot to discriminate between men and women in their mad attack

Whilst one of the mob stood with his club elevated with both hands, and in the act of striking, he was shot, and fell dead. The persons in the wagon were seriously bruised and injured, and were only saved from death by the attention of the mob being attracted to another object

In the wagon was a wife of a Mr Leffel, a citizen of Kosciusko county, who, hearing of the danger of his wife, rode back to protect her—On approaching the wagon he and his horse were knocked down, and finding the odds against him to strong, he retreated to the house of the Rev Mr Jones, whose family, with himself, had been witnesses of the terrible scene at the wagon—Mr Leffel was pursued by the mob, who picked up axes as they went, broke in the door and a window, and brutally murdered him in the presence of the terrified family. His body was horribly mangled, his legs and head being nearly cut to pieces

Mr Colfax had been to supper a third of a mile from the scene of these transactions, and in a short time after, passed the grocery where were congregated the assailants of the wagon—They assaulted his horse with clubs and nearly knocked it down, and threatened the life of Mr Colfax. He was able to keep his horse in motion and escaped

The K. N. Buchanan Elector.

The *News*, in the course of a feeble attempt to purge the Buchanan electoral ticket from the taint of Know-Nothingism, says

Mr Webb denied that he had ever been a Know Nothing, called for the proof from Gen King, who had then promised it, and it did not come

"Gen KING" never made any promise of the sort. We published the charge against Mr. WEBB, his denial of it and the assertion by two respectable witnesses, and there we left the matter. The Ripon *Spur* has now taken up the subject and thus presses home the charge against Mr WEBB

The Hunker K. N. Elector.

Sometime since, it was publicly charged, that Henry G. Webb of this place, was a Know Nothing. We knew nothing of the charge, until we saw it in the *Sentinel*. Soon after, Mr Webb, in letters to the *Union* and *News*, not only denied the charge, but said the *Spur*, (in substance) hadn't a very good character for truth, where best known. We immediately took measures to learn the facts, but before they could be published we received word from Mr Webb, that if we would be quiet, he would withdraw as a candidate the next week. Different times have since been fixed for that act, all of which are passed. We now make the following charges, and if Mr Webb denies the truth of the facts charged in them, and we do not maintain them, we consent to be called a public libeler and falsifier

1st Henry G Webb, now a candidate of the Pierce Buchanan party, for the office of elector, did, at the village of Ripon, in the Spring, or early Summer of 1856, join a secret society or order, called, as he says, the "Star Spangled Banner," but which is known to the world, and is an organization of the American or Know Nothing order, society or party

2d That he was balloted for in the rear of Henton's Block, and rejected, that his Buchanan supporting friend, Counsellor D——, urged his reception, that a re-consideration was had, and he was admitted, that before the business was completed, the only light used burned out, and it was finished in the dark. We might be more specific, and name the persons present, but this is precise enough. Let Mr Webb deny, and the proof will be ready. In the charges heretofore made, he claims the name of the order was not correctly stated

Terrible Accident on the Michigan Southern Railroad.

EIGHT MEN KILLED—TWENTY WOUNDED.

On Last Saturday evening, between 6 and 7 o'clock, a terrible accident occurred on the Southern Michigan Railroad, about a mile this side of the crossing of the New Albany and Salem Railroad. From what we can learn it appears that a construction train, with an engine and two caboose cars filled with Irish laborers, was endeavoring to get into Laporte before the freight train coming west, should leave the station, the engineer of the construction train having understood, in some way, that the freight train was so much behind time that he would be able to reach it there. This information, it appears, was incorrect, and the two trains came in collision at the place above stated, both going at a rapid rate—The crash was awful, and resulted in killing outright, eight of the laborers, and badly wounding some twenty others. Both engines were smashed, and also the caboose cars, twenty freight cars, and three new engines which were being brought on for the Chicago and Rock Island Railroad. The tender of the engine attached to the construction train was forced back into the last caboose car. The engineers and firemen of both trains jumped off and escaped injury. As soon as the accident occurred, the engineer of the construction train ran into the woods, and has not been heard of since. The track was badly torn up, and the passenger trains delayed some hours.—*Chicago Tribune.*

A DISTINGUISHED VISITOR.—Gen'l Sir William Eyre is said to be now traveling in this country. He it was who led a division of the English army to the gates of Sebastopol on the night of the 18th of June, 1855. When called upon by the Commander in Chief to give his reason for losing so many troops on that occasion, he answered

"Sir, I have the honor to acknowledge the receipt of your letter, and in reply beg to state, that you ordered me to take the Cemetery, and, I took it, WM. EYRE."

Later from California.

VIGILANCE COMMITTEE DISBANDED.

NEW YORK, Sept 27

The *Illinois* arrived at 5 o'clock—left Aspinwall on the evening of the 13th. She brings California dates to the 20th of September, and nearly $2,000,000 in specie, connected with the *Golden Age*, which brought down to Panama $2,35,000 in specie, principal consignees, Drexel & Co, $325,000, Wells & Co, $300,000, Duncan, Sherman & Co, $160,000, Metropolitan Bank $160,000. Wm Hoge, $142,000, Charles Morgan, $120,000, G H W & Co, $20,000. The *Golden Age* passed the *Sonora* on the 18th, and the *John L Stephens* on the 1 th, both bound up for San Francisco. G W. B & Co. furnish the latest papers. News unimportant

The Vigilance Committee had generally disbanded on the 21st of August, and had thrown open their rooms to the public. At the Democratic primary election at San Francisco, all the successful candidates were known opponents to the Vigilance Committee.

Judge Terry took his seat on the bench of the Supreme Court on the 26th of August. The Republican State Convention have nominated Ira P. Rankin

A fire had occurred at Martinez. Loss, $2,000. Insured,

John L Durkee and Charles Rand, who took the state arms from a vessel by order of the Vigilance Committee, have been indicted in the U S court for piracy. Bail refused

The American State Convention have nominated J. C Whitman and A. B Dibble for Congress

Indians were still committing depredations in various parts of the State. Captain Judah had dispatched a body of troops from Fort Jones to chastise the Indians, and Gen Crosby, of the volunteer forces, was about to send a detachment on the same errand

MARKETS —San Francisco quiet, money easy, and plenty 2a2½ on first class security

Panama dates to the 18th. Some excitement existed there

The Legislature was disorganized. Touching the governorship, there was fear there of a general conflict, and the citizens fled, houses were barricaded, and the U S ships *Independence* and *St Mary's* held in readiness to protect American citizens

Mamu Arosemena, priest of the Assembly, who was ringleader of the opposition, sought refuge on the *St Marys*. The affair finally ended in smoke

Health on the Isthmus was good

The sloop of war *Saratoga* was at Aspinwall

Walker remains quiet

Leon had been abandoned to the invading army, which numbered 1,500 troops

D Livingston had been released and sent to San Salvador

The people of Somoto had risen against the Leon faction and assassinated several prominent partizans, including Corquin Chimoro and Augustin Hornandes.

Col. Schlessinger has presented a letter to the army, denouncing Walker as a traitor, accusing him of dishonesty, and offering protection to all of Walker's troops who will join him

Schlessinger was at Nagagalpa in the interior

In a decree dated 24th August Walker, in consideration of $400,000, transfers all the property and rights of the Accessory Transit Company to Charles Morgan and Cornelius Garrison

Letter from Rev. Mr. Nute.

To the Editor of the Atlas—

The following letter was received yesterday from Rev. Mr Nute. It is addressed to a friend in this city. It gives, I believe, the latest news in regard to him, and will be read with interest by all. Permit me to add that the Kansas Clothing Committee have their head quarters at the Ward street chapel. All articles of clothing sent there will be carefully forwarded. A member of the Committee will be there daily from 2 P M during the afternoon. Ladies wishing to aid may receive information there

H I B

LAWRENCE, KANSAS, Sept. 11, '56

MY DEAR FRIEND—I have just returned from my captivity with the "border ruffians, and find your letter awaiting me. My answer must be very brief, in order to go by the next mail.

Your offer of help is very opportune. Without timely and extensive aid there must be sore distress in many families who have lost everything in this last raid. Over 60 families in this immediate neighborhood have had their houses burned, and in most cases all their contents. In some cases, the head of the house murdered, and many wounded. I cannot go into detail. I am but just able to sit up, being completely worn out by the hardships of the last 15 days, two without a morsel of food, or even a drink of wholesome water for 24 hours, sleeping on the ground, and once in a noisome dungeon

My wife and many of the neighbors had given up all hope of ever seeing me alive. But enough of this. I would gladly endure it all over a hundred times, if it could avail to save this territory from the curse of slavery

Send anything, I had almost said everything—clothing of any kind, blankets, bedding, &c., &c

I found the box sent last spring on my return, and have distributed nearly all the contents—They were thankfully received, and relieved the needy. The linen was especially useful in dressing the wounded after the battle at Titus' fort.

Our men have done and endured heroically, and thus far the victory is ours, but at a terrible cost of valuable lives

Six of my personal friends—three of them very near to me—have fallen by the most brutal murders during the last three weeks

Our hearts fail us not yet, and our hope is in the God of Justice, that he will bring us out of all conflicts with wickedness triumphant

I purpose to offer a more particular account of these things for publication in some of your Boston papers by the next mail

Yours as ever with love,
EPHRAIM NUTE, JR

GREAT REPUBLICAN MEETING IN WALL STREET.

TWENTY FIVE THOUSAND VOTERS PRESENT.

SPEECH OF HON. N. P. BANKS.

The Commercial Aspect of the Canvass.

[From the N Y Tribune, 26th inst]

Some days ago application was made to Mr. Simeon Baldwin, President of the Merchants' Exchange, for the use of the steps of that building for and address to Merchants by the Hon Nathaniel P Banks, jr. Mr Baldwin's predilections in favor of Mr Fillmore for the Presidency were so strong that he refused the desired permission, and denied to the most effective man who has ever graced the Speaker's chair of the House of Representatives, an opportunity of being heard by the Merchants of New York at their customary place of assemblage. The Board of Directors, however, thought differently, and gave the permission almost unanimously, whereupon it was announced that he would speak from the Exchange yesterday afternoon, at 4½ o'clock—At that time Wall street, from Hanover to the Merchants' Bank, was packed with men. There could hardly have been less than 25,000 present certainly it was the largest assemblage ever congregated in Wall street. To one looking down from the balcony of the Exchange, the street seemed paved with a mosaic of upturned faces. Those who are familiar with large gatherings, were surprised to see that New York could furnish such a mass of respectability, and were still more surprised to see this mass stand cramped together for more than two hours. For the most part, the auditory were perfectly silent, only occasionally, when the solid logic of the figures which Mr. Banks placed in battle array for Fremont struck a peculiarly strong or unexpected blow, was the desire to listen overborne by the impulse to applaud. Then the applause was deafening

THE TRUTH IN A NUTSHELL.—A letter from an old line Democrat living in Northern Ohio, to a Republican friend, and published in the Ohio *State Journal*, gives us follows the cause and condition of political affairs there. It is the same everywhere

"Politically, we are all right. There is a perfect avalanche on the Reserve for Fremont—your humble servant among the van. The Kansas Nebraska law knocked the Democratic party all cold wise. Then just as they began to right themselves, along comes Pierce's one sided interpretation of 'Squatter Sovereignty,' which means simply, that if the Border Ruffians can beat the Free settlers, well and good; but if not, the Government troops must help to 'subdue them.' Well, that was more than they could stand. The old line Democrats began to go over like sheep over a stone wall. But when Buchanan's letter come, endorsing the Administration, that swept the board, and there now is none, aside from office holders, so poor as to do him homage."

A Narrow Escape.

The Sheboygan *Times* says

From Mr W. G Mallory, the Wisconsin Stage Company's Agent at this place, we learn that, seeing Mr. Macy on board, and knowing his custom of advising all passengers for Fond du Lac to land at Milwaukee instead of this port, he entered every room of the *Niagara*—being the first time he had done the same on a Collingwood boat this season—and used extra exertions to induce passengers for the West to stop here, and about 70 followed his suggestions who would otherwise have been on the boat, and doubtless have perished with the rest. Among this number was a company of ten or twelve, who came off with their luggage, again returned on board with the view of going to Milwaukee, and the second time changing their mind, left the boat, and proceeded west by stage

RICHLAND CENTRE.—The village of Richland Centre, Richland Co, has now a population of 45. In 1846 there was but 7 families in the place

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of laborious untiring research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic or some powerful mineral owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, Jr., No 195 East Water street.

N B One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. TO INVALIDS.

EXTENSION OF STAY!

DR CALVIN M. FITCH,

AUTHOR of the Invalids Guide and Consumptive's Manual &c., has arranged to remain in Chicago until SATURDAY EVENING, Nov 29th, and will have with him assistance sufficient to enable him, in most instances to attend to patients from a distance on the day of their arrival

The treatment of Consumption, Asthma, Chronic Bronchitis, &c., by the combination of Medicinal Inhalation with the necessary internal remedies and general measures, is plainly the most rational, and as demonstrated in Dr Fitch's practice, by far the most successful plan yet adopted of treating these dangerous affections

"Hints to Invalids," a pamphlet explaining Dr Fitch's treatment of Diseases of the Heart and Chest, also Dyspepsia, Chronic Gastritis and Female Diseases, so often complicated with or predisposing to Consumption, may be had without charge, on application to Dr Fitch, either personally or by letter

No business connection longer existing between himself and former associate, Dr S S Fitch. Dr C M Fitch has in connection with his present associate, Dr J, W Sykes opened a permanent office at No 459 Main st Buffalo, N Y, where one or the other will always be found, and where, after the present appointment, all communications will be addressed

SUMMER EVENING REVERIES.

I: was one pleasant Summer eve,
I walked beside the rocky shore
Which girls so proud our noble lake,
And listened to the billows roar

Nor was this all,—upon a bench,
Two maidens sat in childish glee,
And singing voices grandly sweet,
With Michigan's dull melody

I crept me nearer to the spot,
'Twas wrong, I truthfully declare
Yet I would know and listen well
To words which came from lips so fair

'Oh, Mary Jane, the eldest said
' Since smoke the Indians made divine,
'Tis strange to me so many men
To poor cigars their tastes incline"

I felt this truth!—I knew it well—
There's truth in legendary lore
I left the spot, and hastened down,
Nor halted till in Eliot's store

PINNEY YOUNGS' PATENT SAWING MACHINES.

PATENTED JANUARY 30, 1855. REISSUED OCT. 2, 1855.

THIS IS TO CERTIFY, That we purchased the first Siding Mill built by Pinney Youngs, of Milwaukee, and that we have run the same Machine at our Mills at Bay de Noque, (Mich.) the past two years and it has exceeded our expectations. We have no hesitation in saying that it will cut Two Thousand feet, superficial measure, per hour, and of twelve hours we cut 32,484 feet superficial measure, of Flooring and Siding.
N. LUDINGTON & CO

Milwaukee, Sept 19th, 1856

This is to Certify, That we have used one of Pinney Youngs' Patent Sawing Machine or Siding Mills for about one year, and [illegible] Machine we have ever seen It is easily kept in order. We have expended but a shilling for repairs on it [illegible] It will cut [illegible] double [illegible] We have never seen any Machine of the kind that will in any way compare with this [illegible] same time of any other mill we have ever examined

The man that runs it has offered to bet one thousand dollars he could saw in this Siding Mill Fifty Thousand feet of Lumber in twenty four hours—

The Lumber sawed in this mill is of universally even thickness, which is not the case with any other we have seen

We really would not exchange our machine for any other machines of any other Patent we ever saw, for our own use
BRAND & CO
Chicago, August 16th 1856

Messrs Pinney Youngs & Co

Gents—We have in use in our mill at Pensaukie, Green Bay, two of your Siding Machines, and find them to answer our expectations in all respects We prefer them to any we have ever used, or of which we have any knowledge. From the report of our Superintendent, we learn that one of your Machines cut, during the week ending July 19, 153,538 feet of lumber—mostly fencing and flooring—being about 26,000 feet every twenty four hours For rapidity and smoothness of sawing, as well as durability of construction, we think it cannot be equalled by any other Machine now in use

KILBOURN CITY is to be the great inland town of the western part of Wisconsin This great city was laid out six or seven months since being located at the point on the Wisconsin River where the La Crosse & Milwaukee Railroad crosses this great and beautiful River Wisconsin, a capable of furnishing the greatest water power of any river in the United States The city and river about being constructed will be completed Summer, 1857. The manufacturing of Lumber, of which over one hundred millions of feet are annually manufactured on the Wisconsin River will furnish immense business for the city portion of this great water power

The Wisconsin River abounds with the forests which are more extensive than any other river in the West

The site of Kilbourn City is most beautiful, being a plain rising from a bluff elevation of 50 feet to the river bank, to an elevation of some 200 to 250 feet where it meets the table land two miles east of the river The whole is oak openings and the land lays beautifully

The best, purest and softest water can be had by digging or boring Kilbourn City was laid out and buildings commenced in Sept last since which time some 50 or 60 buildings have been enclosed at a cost of from $1,000 to $3,000 each and great numbers of others are in progress of construction

In fact it would require two columns of one of our daily papers to give an account of the advantages of Kilbourn City One word is sufficient, and that is this There has not been a city laid out in many years which has offered so many inducements and advantages, and where capitalists can invest their money so certainly as in Kilbourn City

Kilbourn City is in Columbia County State of Wisconsin You take the cars from Milwaukee to Beaver Dam where you will find conveyances to Kilbourn City Maps of said city are ready and can be obtained by calling at my office

The terms upon which the property is to be sold, are such as to give all a chance of bettering their condition and affording the opportunity to all to become interested in a city which will and must be one of great importance

It is impossible to give a full and fair description of Kilbourn City, but one fact is worth knowing all who go there have a great chance of becoming independent on a very little capital The Terms of Sale are ¼ cash, bal ance 1, 2, 3 years, with 7 per cent interest payable annually

For the purpose of encouraging any who intend to build at once in said city, the value of the house to be not less than six hundred dollars, unto such persons person so building, the second payment will be given as a bonus for such improvement, therefore such persons or person would have no payment to make for two years after the first payment

The sale will take place on October 14, 15 16 and 17th commencing at 10 o'clock in the morning of each day— Five per cent cash will be required of the bidder which will be deducted from the first payment when the deed is given — CALEB WALL,

IN THE

CITY OF JANESVILLE, ROCK COUNTY, WIS.

WILL be offered at public sale, on the 23d day of October next, THREE HUNDRED CHOICE LOTS, situated around and all within 200 rods of the Union Depots of the Milwaukee & Mississippi, Chicago, St Paul and Fond du Lac and St Louis Wisconsin Railroad Companies, being among the choicest property within the limits of the city

Next to Milwaukee Janesville ranks as the most flourishing and healthy town in Wisconsin, without any exception in speculation in fast or force on its progress, from the beauty and healthfulness of the situation, its extensive water power, the Rock River affording two powers within the city and the fact that it draws the trade of a large district as rich in agricultural resources as any in the Great West, the town has had a steady, and at the same time a rapid growth The number of inhabitants now exceed 9 000, and visitors cannot fail to be impressed with the evidence of business and enterprise presented on every hand

By the completion of the Chicago road, the place is brought within two hours travel of the Great Emporium of the Northwest, and this connection is destined to make rapid advances in the growth of Janesville and the prosperity of all the country round about The Southern Wisconsin road leads in from the west, and will be in operation, next summer as far as Monroe, the county seat of Green county thirty miles distant In the course of the next two years, this will be the centre of five railroads, and even now is it the central market of southern Wisconsin

The Rock River Valley is the garden of the Northwest, unsurpassed in its natural resources and everywhere presenting beautiful landscapes of prairie and Oak openings

The attention of all who wish to avail themselves of an opportunity to make profitable investments, or to purchase a site for a house, is solicited Abstracts of title, and particular information can be had from the undersigned
